Contents

Editorial
1 The state of the science in health professional education
   K W Eva

Commentaries
2 On complexity and craftsmanship
   T Doman
3 The value of paradoxical tensions in medical education research
   K W Eva
5 Identities as performances: encouraging visual methodologies in medical education research
   C E Rees
7 The gross anatomy laboratory: a prototype for simulation-based medical education
   M Albanese
9 Patients in health professional education: so much known, so much yet to understand
   J Spencer
11 How does research on motor skills translate into clinical skills learning?
   C Ringsted
13 Medical education and other disciplines
   L Schuwirth
15 To err is human
   B Jolly & K Atkinson
16 The power of feedback
   J Norcin
18 Improving the flexibility and efficiency of testing
   J Boulet

Complexity in education
20 Self-organisation, integration and curriculum in the complex world of medical education
   S Mentin

Complexity in research
31 It's NOT rocket science: rethinking our metaphors for research in health professions education
   G Reggehr

Professional identity
40 Identity, identification and medical education: why should we care?
   L V Monrouxe

Simulation
50 A critical review of simulation-based medical education research: 2003-2009
   W C McGaghie, S B Issenberg, E R Petrusa & R J Scalese

Patient involvement
64 Active patient involvement in the education of health professionals

Motor skill learning
75 Motor skill learning and performance: a review of influential factors
   G Wulf, C Shea & R Lewthwaite

Cognitive load theory
85 Cognitive load theory in health professional education: design principles and strategies
   J J G van Merrienboer & J Sweller

Diagnostic error
94 Diagnostic error and clinical reasoning
   G R Norman & K W Eva

Delivering feedback
101 State of the science in health professional education: effective feedback
   J C Archer

Item response theory
109 A primer on classical test theory and item response theory for assessments in medical education
   A F De Champlain
